

*The Swedish reimbursement system:*

# **Cost-effectiveness from a societal perspective**

Thord Redman, coordinator  
LFN (The Pharmaceutical Benefits Board)

# Three criteria decide reimbursement

- The human value principle
- The need and solidarity principle
- The cost-effectiveness principle

**Costs**

**Benefits**

Läkemedelsförhållanden

# **The main purpose**

To extract as much value  
as possible for every tax crown  
allocated to pharmaceuticals
